Subject: **GROUNDWATER REMEDIATION PROGRAM-ON-SITE
NOTIFICATION, BOEING FORMER C-6 FACILITY-PARCEL C,
LOTS 1-6 & 9-12, BOEING REALTY CORPORATION,
FORMER C-6 FACILITY, 19503 SOUTH NORMANDIE AVENUE,
LOS ANGELES, CA**

Mr. Merriman:

Boeing Realty Corporation (BRC) has prepared this letter to notify you in accordance with our purchase and sale agreement that our contractor (Arcadis) will be initiating water testing of the groundwater remediation system on 14 June 2004. This testing will be performed in accordance with the Regional Water Quality Control Board-Los Angeles Region-approved work plan. This work plan and start date have been closely coordinated with Freemont Development, FA Construction, as well as Larry Cummins.

The water testing is required to develop the injection system parameters for preparation of the final molasses injection plan and will consist of injecting only water into each of four vaults located outside of your buildings. The field effort is expected to take approximately 8-10 working days. During the testing, numerous safety measures have been put in place to mitigate the potential for spills including restricting injection pressures, field staff training, BRC/Haley & Aldrich field oversight, and pressure relief equipment.

If you have any questions, please contact me at 562-733-2173 or Mr. Scott Zachary of Haley & Aldrich at 619-993-1791.

Sincerely,

Mario Stavale
Boeing Realty Corporation
